

COLLEGE AND SCHOOLS

Seattle Pacific offers all the advantages of an established institution in a vibrant urban center with a long history of academic quality and educational innovation.

Our graduate programs include master's and doctoral degrees, certificates, and dual degrees, and they have earned a reputation for excellence and faculty expertise. Additionally, every SPU graduate program holds regional accreditation (<https://catalog.spu.edu/graduate/about-spu/accreditation-affiliation/>), and many hold secondary national accreditation from their professional guilds.
