

# WORSHIP ARTS CERTIFICATE

## Program Description

The Certificate in Worship Arts offers graduate-level introduction to theological and historical foundations of Christian worship, ethical considerations related to worship, and the skills and framework for leading and designing congregational worship. Students who complete the certificate are empowered to interpret local church contexts with a biblically, theologically, and historically informed perspective on the planning, practice, and design of Christian worship. The certificate is designed for laypeople as well as for ordained leaders who may or may not already have a master's degree in theology.
