

# COSTS AND FINANCIAL AID

---

Seattle Pacific University is committed to providing high-quality Christian education at a reasonable price. Financial assistance is available to qualified students on a limited basis.

All expenditures related to educational and support activities are carefully planned and budgeted. SPU trustees, president, and other administrators are committed to a high level of stewardship in the handling of SPU's financial resources, with a goal of maintaining financial stability for current and future students.

All programs and policies at the University are under continual review. Therefore, SPU reserves the right to change its financial aid awards, policies, or charges at any time without previous notice. After the beginning of a quarter, however, no change will be made that is effective within the quarter.

Student Financial Services (<http://spu.edu/student-financial-services/>) provides service to students regarding tuition and fees, payments on accounts, financial aid, student employment, and other financial assistance. While every effort has been made to provide helpful and understandable explanations of the University's fees and financial policies, you still may have questions, and SFS staff is prepared to assist.
