

ACCOUNTING

About the Department

School of Business Government, and Economics Faculty (<http://spu.edu/academics/school-of-business-and-economics/faculty-staff-directory/>)

School of Business, Government, and Economics Website (<http://spu.edu/academics/school-of-business-and-economics/>)

Graduates with majors in Accounting have careers in private industry, not-for-profit organizations, and in public accounting. The program balances sound theoretical foundations with relevant applications.

This provides you with the necessary current knowledge to launch a career, and prepares you to respond to the changing future environment and needs for accounting information.

Majors

- Accounting (BA) (<https://catalog.spu.edu/undergraduate/college-schools/school-business-government-economics/accounting/accounting-ba/>)

Minors

- Accounting Minor (<https://catalog.spu.edu/undergraduate/college-schools/school-business-government-economics/accounting/accounting-minor/>)

Professional Licensure Disclosure

Professional licensure and certification requirements—and eligibility to sit for the CPA exam—vary from state to state. Eligibility for certification/licensure may involve more than degree completion and may include professional examinations, background checks, and fingerprinting. The requirements for certification/licensure can change without notice.

The state professional licensing boards make the ultimate decision as to whether or not an individual will be eligible for licensure based on the rules and regulations in place at the time the individual submits their application for licensure. Find information here (<https://spu.edu/academics/professional-licensure-and-certification/>) about certification/licensure in the state where you intend to practice your profession.
